### **Sound-Lighting engineer/technician, Music composer, sound designer**

I'm an Italian composer, sound-lighting engineer and musician.

I'm skilled and experienced in composing for films and advertising, recording, mixing, music production and post-production.

I'm interested in jobs that can emphasize my qualities and push the boundaries of my abilities out of my comfort zone.

I'm trustworthy and hard-worker, committed and organised, able to work in a team.

I'm also an expert guitar player, session musician and music teacher.
